

Dear Room 311 Families,

Welcome to 4th Grade. I look forward to working with you and your child this year. My goal is for your child to develop new knowledge, skills, abilities, and confidence throughout the year. I will do everything I can to make this year a very successful and happy one for your child.

If you have any questions or would like to talk with me before the first day of school about any of your concerns, please e-mail me. I will return your email as soon as possible. I look forward to meeting you and your child in person.

See you in September !
